
四年级下册第五单元英语作文

篇一

英文文章：

I had a really cool experience about what I learned in Unit 5. We learned about seasons in class. One weekend, my family and I went to the park. When we got there, it was spring. The flowers were blooming everywhere, like little colorful stars. I saw red roses, pink tulips and yellow daisies. It was so beautiful! Then we walked around. As we went, the weather started to get warmer. Before we knew it, it felt like summer. The sun was shining brightly and we could hear the birds singing loudly in the trees. We found a nice spot to sit and had a picnic. After that, we kept walking. All of a sudden, the wind blew harder and it got a bit chilly. Oh, it was autumn! The leaves on the trees were turning all kinds of colors, like red, orange and brown. They were falling down like little butterflies. We had so much fun jumping on the piles of leaves. As the day went on, it got colder and colder. By the time we were about to leave, it was really cold and some white stuff started to fall from the sky. It was winter! We were so excited to see the first snow. We even made a small snowman. It was really an amazing day to see all the different seasons in the park. I can't wait to tell my classmates about this.

我有一段关于我在第五单元所学内容的超酷经历。我们在课堂上学了季节的知识。一个周末，我和家人去了公园。当我们到那儿的时候，是春天。到处都开着花，就像五颜六色的小星星。我看到了红玫瑰、粉郁金香和黄雏菊。太美了！然后我们四处走走。走着走着，天气开始变暖和了。不知不觉间，感觉像是夏天

了。阳光灿烂，我们能听到鸟儿在树上大声唱歌。我们找到了一个不错的地方坐下野餐。之后，我们继续走。突然，风刮得更大了，有点冷了。哦，是秋天了！树上的叶子变成了各种各样的颜色，像红色、橙色和棕色。它们像小蝴蝶一样飘落下来。我们在一堆堆的树叶上跳来跳去，玩得很开心。随着时间的推移，天气越来越冷。当我们正要离开的时候，天气真的很冷了，一些白色的东西开始从天上掉下来。是冬天了！我们看到第一场雪兴奋极了。我们甚至还堆了一个小雪人。在公园里看到所有不同的季节真的是很棒的一天。我迫不及待地想把这个告诉我的同学们。

篇二

英文文章：

I've been learning the fifth unit in our textbook recently, and it's been quite an adventure! There are so many interesting things to discover. One of the coolest things I found is about the animal words in this unit. The word "kangaroo" has such a funny sound. When I first saw it, I was like, "How on earth do you pronounce that?" But then I tried to imitate the jumping sound a kangaroo makes, you know, like "kangaroo". It was so much fun! And it really helped me remember the word. Another thing is when I was doing the exercises for this unit. There was a reading comprehension question about a zoo. At first, I was a bit confused. But then I noticed that if I read the sentences carefully and underline the key words, it became much easier to answer. I was like, "Hey, this really works!" It's amazing how these little discoveries can make learning so much more interesting. I can't wait to see what other fun things I'll find as I keep studying this unit.

我最近一直在学习我们课本里的第五单元，这简直是一场冒险啊！有好多有趣的东西可以发现呢。我发现的最酷的事情之一就是在这个单元里关于动物的单词。“kangaroo”（袋鼠）这个单词发音超搞笑的。我第一次看到它的时候，我就想，“这到底要怎么发音啊？”但是后来我试着模仿袋鼠跳跃的声音，就像“康 啊 如”。太好玩了！而且这真的帮我记住了这个单词。还有就是我做这个单元练习题的时候。有一道关于动物园的阅读理解题。一开始我有点困惑。但是后来我注意到，如果我仔细读句子并且把关键词划出来，回答问题就变得容易多了。我当时就想，“嘿，这真的有用！”这些小小的发现能让学习变得这么有趣，真是太神奇了。我迫不及待地想看看继续学习这个单元我还会发现什么其他好玩的事情。

篇三

英文文章：

I've learned a lot from the fifth unit in our textbook. One time, I went to a new park with my friends. I remembered the knowledge about directions we learned. When we were in the park and got a bit lost, I was able to figure out which way was north by looking at the sun. Then we followed the direction and found our way back to the main entrance easily. Another thing is about the environmental protection knowledge. When I got home, I told my parents what I learned. We started to separate the garbage at home. We put the recyclable things like paper and plastic bottles in one bag, and the kitchen waste in another. It really made me feel that the knowledge from this unit is so useful in our daily life. It helps us not only to find our way but also to protect our environment.

我从我们课本的第五单元学到了很多。有一次，我和朋友们去了一个新

公园。我记得我们学过的关于方向的知识。当我们在公园里有点迷路的时候，我通过看太阳就能算出哪边是北。然后我们顺着那个方向很容易就找到了主入口。还有一件事是关于环保知识的。我回到家后，把我学到的东西告诉了父母。我们开始在家里进行垃圾分类。我们把纸和塑料瓶等可回收的东西放在一个袋子里，把厨房垃圾放在另一个袋子里。这真的让我觉得这个单元学到的知识在我们日常生活中太有用了。它不仅帮助我们找到路，还帮助我们保护环境。

篇四

英文文章：

I'm really into the fifth unit of our fourthgrade English textbook! There's this one lesson that just blew me away. The story in it was so touching. It was about a little girl who lost her favorite toy. At first, she was really sad and searched everywhere for it. Then, she met some kind kids in the park. They helped her look for the toy together. Their teamwork was amazing. We had a big discussion about this lesson in class. Everyone had different ideas and feelings. It was so much fun sharing and hearing what others thought. I just love how this unit makes learning English feel like an adventure.

篇五

英文文章：

I had a really fun day today. In the morning, I got up at 7 o'clock sharp. Then I had a delicious breakfast. After that, I went to school. We had an English class and learned a lot of new words like "always", "usually", "sometimes". At 10 o'clock, we had a break and I played with my classmates for a while.

After school, I came home. I always do my homework first when I get home. Usually it takes me about an hour. Then I watched TV for a while. Sometimes I help my mom with the housework. Today I swept the floor. In the evening, I had dinner at 6 o'clock. After dinner, I read my favorite book until 8 o'clock. Then I took a shower and went to bed. It was a busy but happy day.

放学后，我回到家。我一到家总是先做作业。通常这得花我大概一个小时。然后我看了会儿电视。有时候我会帮妈妈做家务。今天我扫了地。晚上，我六点吃了晚饭。晚饭后，我看我最喜欢的书一直看到八点。然后我洗了个澡就上床睡觉啦。这是忙碌但又开心的一天。
